## About this book

Many resources could be found dealing with the status of Palestinian Christians. However, a few of them could be considered comprehensive and up-to-date. This has been confirmed by a recent mapping carried out by Diyar Consortium. This book aims at creating a reliable database that is essential in developing a shared, comprehensive and ecumenical strategic vision for Christian support in Palestine, so that Christianity survives and thrives.

This book includes different forms of information: statistics, charts and tables about the Christian presence in Palestine, a study on the emigration trends of Palestinian Christians, a study on the attitudes of Christians towards Church-related Organizations, as well as a comprehensive directory of all Church-related Organizations and Institutions in the West Bank.
